Ask for Ounce and Pound Prices.

Uncertainties of the future have created an abnormal demand for conifer seeds. It may prove wise to plant liberally this year.

New York 7, N. Y.

Phone: BArcley 7-8475

Terms

This list cancels all previous offers and is subject to change without notice.

DISCLAIMER: Herbst Brothers warrants to the extent of the purchase price that seeds or bulbs are as described on the container, within recognized tolerances. Seller gives no other or further warranty, express or implied.

PRICES are in U. S. A. dollars, f. o. b. New York, for net weights. Packing is charged at cost and is not returnable. All shipments travel at customers' risk after delivery to carriers. We cannot accept orders for less than the smallest quantity quoted.

PAYMENT net cash upon receipt of invoice. New customers ordering \$10.00 or more may secure deliveries on open account after establishing credit facilities. Others please remit for value of their purchases **plus packing (abt. 5%) and parcel post charges. 10% will be added to orders totaling under \$5.00**

CUSTOMERS OUTSIDE U. S. A. & CANADA will be charged cost of delivering shipments to piers. In addition the preparation and cost of export-documents including Export Certificate of Health will be invoiced without profit. The minimum charge for each shipment, however, will be \$2.50.

PRORATE DELIVERIES will be made in case of crop failures or shortages.

CLEAN SEED or seed free of pulp and of the best possible purity and germination is offered throughout our catalog. While we think we shall eventually offer all seed free of pulp there are still some exceptions which are designated as follows:

(DB) Dried Berries

(DH) Hips

(P) Pods

COMPLAINTS on outward appearance and on the weight of the seed must be lodged within a week; those on the germination within a month; those on the trueness of the purity of the strain within 6 months; all to count from the day of arrival at the destination.

FIGURES IN BRACKETS FOLLOWING DESCRIPTIONS indicate the average number of seeds per ounce (or pound where specified). The number of seedlings a pound of seed will produce will vary with the germinative ability of each species and the crop year.

NOMENCLATURE for Tree & Shrub Seeds is "Standardized Plant Names" second edition of the American Joint Committee on Horticultural Nomenclature. Copies available at \$10.50 postpaid in U. S. A. and Canada.

REQUESTS FOR MULTIPLE COPIES of our catalog from schools and horticultural associations are gladly complied with free of charge. Also available at \$.25 each are copies of Prof. L. C. Chadwick's "Improved Practices in Propagation by Seed."

ORIGIN of all seeds offered is available on request. Our aim is to carry seed from the best known sources. In many cases there are several such. No attempt is therefore made to include proveniens in this list.

Special prices on quantities.
